

## Brass Nozzle Body

Allentown's original brass nozzle body includes a brass ell, 3/8-inch (10mm) globe valve, brass water ring, nut and tail piece. The standard round threads are the same as hose couplings and nozzle tips which allow complete interchangeability.

TECHNICAL INFORMATION							
Size	Nozzle Body Part #	Water Ring Part #	Ell Part #	Nut & Tail Piece Part #	Rubber Washer Part #	3/8" Globe Valve Part #	Complete Assembly Part #
1" (25mm)	23-545	23-547	23-549	23-550	23-551	70-069	23-710
1-1/4" (32mm)	23-552	23-553	23-549	23-550	23-554	70-069	23-712
1-1/2" (38mm)	23-555	23-556	23-549	23-550	23-557	70-069	23-713
1-5/8" (41mm)	23-558	23-559	23-549	23-550	23-557	70-069	23-714

*Note: Brass nozzle bodies can be used with the swivel-type hose couplings with the use of Part# 23-308 Nozzle Body Adapter.*

## Swivel Nozzle Body

Allentown's lightweight Swivel Nozzle Body includes zinc/aluminum alloy casting with straight pipe nipple for water line, 3/8-inch (10mm) globe valve and brass water ring. The body fits on swivel couplings and uses the same water rings and nozzle tips as the Allentown Brass Nozzle Bodies.
