

500LC MIXER

Due to their robust design, adequate motor power and the replaceable wear parts, This Batch Mixer has a very long operational lifetime. The design of the paddles, combined with an appropriate speed of rotation, produce the best possible mixing results with dense Refractory, Civil Mortar and Concrete. To improve the effectiveness further, the position of the paddles is adjustable vertically and transversely.

ROJO 500LC:

Capacity- 500kg of refractory

Power - 15,0kW 400V/50hz

Output -44rpm

Operation height - 190cm

Weight - 900kg

Dimensions (centimeters, L x W x H) - 180x180x190

**Lawn Road Industrial Estate, Carlton in Lindrick,
Worksop, Notts, S81 9LB. England.**
